

LEGAL STATEMENT

1492 Capital Management, LLC is a SEC-registered investment adviser located in Milwaukee, Wisconsin. Our Form ADV and other information can be viewed at www.adviserinfo.sec.gov. All information contained herein is for general informational purposes only and does not constitute a solicitation or an offer to sell investment advisory services in any jurisdiction. The investment strategies mentioned herein may not be suitable for everyone. Investors need to review an investment strategy for their own particular situation before making any investment decision.

Comments and opinions expressed in this website regarding individual securities, markets, strategies and case studies, are not recommendations or predictions, and thus should not be acted upon. They are based only upon the judgments and opinions of 1492's professional staff, which are subject to change without notice at any time in reaction to shifting market conditions and other factors. The use of any investment strategy does not guarantee that an investment return will be achieved, or that a loss will not occur from the advice provided. 1492 does not make any representations or warranties as to the accuracy or timeliness of any information prepared by any third parties, whether linked to this web site or incorporated herein. You are encouraged to contact us with your questions. CFA® and Chartered Financial Analyst® are registered trademarks owned by the CFA Institute.

Indexes are unmanaged, do not incur management fees, costs and expenses, and cannot be invested in directly.

The Russell 2000 Index measures the performance of the small-cap segment of the U.S. equity universe. The Russell 2000 Index is a subset of the Russell 3000 Index representing approximately 10% of the total market capitalization of that index. It includes approximately 2,000 of the smallest securities based on a combination of their market cap and current index membership.

The Russell 2000 Growth Index measures the performance of the small-cap growth segment of the U.S. equity universe. It includes those Russell 2000 companies with higher price-to-value ratios and higher forecasted growth values.

The Russell 2000 Value Index measures the performance of the small-cap value segment of the U.S. equity universe. It includes those Russell 2000 companies with lower price-to-book ratios and lower forecasted growth values.
